4. Complete the requested information. If you do not wish to receive text message reminders (in addition to the email reminders) enter 10 zeros in the “Phone” box and in the “More Info for Us?” enter: “Contact: Coordinator Name Coordinator Phone”. For example: Contact Jane Smith 610-605-7993. This will provide the photographer with the coordinator’s name and phone in case any questions or problems arise.

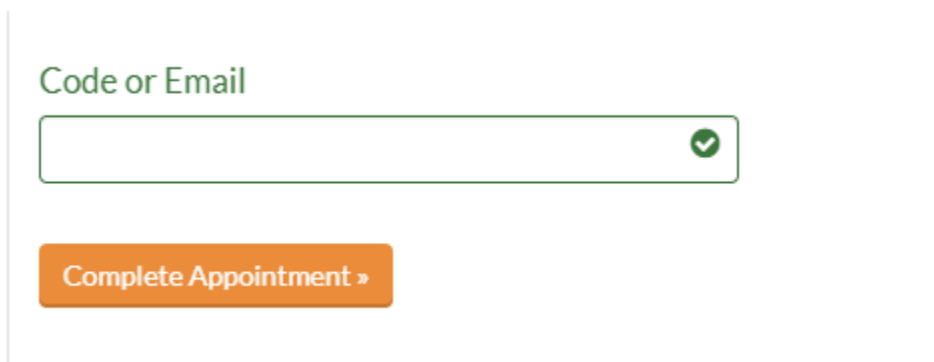

**IMPORTANT NOTE:** Be sure to enter your coordinator’s email address in the “Who needs access to these property files?” box. If you leave this blank, she/he will not receive a link to the photographs. Do not include the seller’s email or your own email address (which was entered previously on the form).

5. Click on the Redeem Coupon button.

6. Enter code in the box and click apply or use the tab key to exit the box.

7. Click Complete Appointment.

A screenshot of a form interface. At the top, the text "Code or Email" is displayed in green. Below it is a white text input field with a green border and a green checkmark icon on the right side. Below the input field is a dark orange button with the text "Complete Appointment »".

8. That’s it! You will immediately receive an email notification of the scheduled appointment as well as reminders the day before and the day of the photo shoot.

**IMPORTANT NOTE:** Your coordinator will not be notified of the scheduled appointment or receive reminders, so please inform them to prevent duplicate appointments. You can include the information on the Listing Activation Form, forward the email notification, or make a note on the “schedule photographer appointment” task or in Deal Notes in Agent Tools.
